

# Arabic Explorers

## Alphabet Bingo Game

### HOW TO MAKE:

- Print off all pages – print the page with all the Arabic letters twice. If you choose to use pennies or some other item for tokens, do not print off the token page. If you choose to print off tokens, print as many pages as you need.
- Cut on the line for the pages that are used for Bingo boards. I prefer to put on cardstock and laminate first.
- Take one of the pages with all the Arabic letters and cut out all the letters. I prefer to put on cardstock and laminate first.
- Just keep the second page as-is – you can use it as a guide – when you call any letters that are picked, place them on this page.

### HOW TO PLAY:

- Each player chooses a board to play.
- Place the letters in a box or bag so you can shake them up. Then, choose a letter from the bag (without looking). Name the letter yourself for beginners – or have the children name the letter.
- Place a token (penny or the tokens provided) over the free space.
- When a letter is picked, your child must look at his/her board and see if they have that letter. If they do, they can put a token over the space.
- The first person to get three tokens in a row (horizontally, diagonally or vertically) wins the game.
